AMENDMENT UNDER 37 CFR 1.115 AND

DECLARATION UNDER 37 CFR 1.67

Commissioner for Patents

Arlington, VA 22313-1450

Sir,

In response to the Office Action originally dated March 7, 2003 (which applicant did not receive because of wrong address used) and retransmitted on June 12, 2003 Applicants again submit this Amendment in the proper format.

On December 24, 2002, applicants submitted an Amendment, Declaration of Oath, as well as a Declaration of Professor Abraham Korol, in response to an Office Action dated October 7, 2002.

The June 12, 2003 Office Action states that the December 24, 2002 Amendment was non responsive because the claims in the marked up copy did not correspond to the clean copy. In response, applicant's attorney apologizes for a typographical error which

she has corrected, and requests that the Examiner to call her in future to point such deficiencies in form, in the interest of moving the prosecution efficiently. In the interim, the rules have changed again and therefore, applicant submits the claims under the current requirements of 37 CFR 1.121(b) and (c).
